EDUCATION

Bachelor of Science in Computer Science

National University - Laguna
2021 - 2025

SKILLS

- UI/UX
- JavaScript
- ReactJs
- Python
- Java
- MySQL / SQL
- Rest API
- Git / Github
- Agile Development
- Postman API Testing
- Web / Software Development

CAREER OBJECTIVE

Motivated and detailed-oriented Computer Science graduate with strong foundation in Web and Software Development. Eager to apply programming problem-solving, and collaboration skills in dynamic software development role while continuously learning and adapting to new technologies and practices.

INTERNSHIP

Software Developer Intern

February 2025 - March 2025

Gleent Inc., Cabuyao City, Laguna

- Assisted in the development and maintenance of system modules for a payroll web application.
- Authored unit tests and technical documentation to improve code quality and long-term maintainability.
- Collaborated with an agile, cross-functional team to implement new features, enhancements, and defect fixes.
- Gained hands-on experience in both frontend and backend development, as well as end-to-end web development workflows.

THESIS PROJECT

Caching And Contextual Retrieval - Augmented Generation for Enhanced Conversational AI

- Assisted in the collection and preprocessing of project data using web scraping tools such as Scrapy.
- Collected, cleaned, and organized relevant textual datasets to support the training and evaluation of a conversational AI model.
- Ensured data accuracy, consistency, and quality for use in Retrieval-Augmented Generation (RAG) workflows.
- Collaborated closely with the team to align data collection activities with project objectives and research requirements.

ACADEMIC PROJECT

AirGust: Solar Panel and Airconditioning Services Web-based System

- Led the design and development of the frontend for a web-based system, ensuring a consistent and user-friendly UI/UX.
- Developed responsive and interactive interfaces using modern frontend technologies.
- Oversaw the implementation of design concepts by team members, ensuring alignment with project objectives and design standards.
